(Sl No 6)

On the recommendation of the Municipal Board of Bangalore to grant pensions and gratuities in strict accordance with the local Pension Code to the permanent employees of the Town Municipality and to provide in the annual Budget a sum of Rs 600 the President was authorized to insert a provision of Rs 600 in the budget of the Municipality. 2 In his letter dated the 7th ~~and~~ 1887, No 390, the Comptroller enquired whether the provisions of the ~~Local~~ Pension Code were to be applied to the employees of the Municipality as no provisions had been received by this office on the points beyond those contained in Proceedings of the 20th February 1885 for providing annually Rs 600 in the Budget on account of Pensions and gratuities. In reply, it was observed that the Municipality should adopt the rules of Pension Code (Service Regulations), as far as possible, unless they were of opinion that lower rates must be adopted with reference to the funds available. (8) In November 1895, the 1st Assistant to the Resident was requested to obtain for the Dunbar (1) a copy of the rules regulating pensions to municipal employees prescribed under Para 48 of the Madras Act I of 1884 and (2) a copy of pension rules obtaining in the C & M Station Municipality

(9) From the Resident's reply, it would appear that the grant of retiring pensions and gratuities to the employees of the Madras Municipality is regulated by the Civil Service Regulations and

in force in C & on Stations has been commanded.

This is a reference which relates to Royal Household employés and not to Govt servants but to Household pensions There is now no provision anywhere for the Grant of pensions & Gratuities to them - A set of rules similar to those in force in the Civil & Military Stations, seems therefore necessary, & may be framed with this modification that the list of pensionable employés be restricted for the present to those recommended by the President &c &c &c in by the Comptroller

& (2) That no deduction be made on this account from the Royal Pensions conferred. When once this is decided that Royal Employés are entitled to pensions & Gratuities, there need be no difficulty in laying down the rules of pensions & Gratuities & how the same be regulated by the Rules contained in the Civil Service.

Yes CM 17/8/96

The only large municipalities in the Province are Bangalore & Kolar. It seems sufficient to make the new rule applicable to these two for the present. When other municipalities come forward & ask to pay their servants & peons in the same way as the Bangalore & Kolar municipalities have done, the operation of the rule may then be extended to them.

Order - When H. H. the Maha Raja was pleased to appoint Mr: A Sreenivasa Char as Vice President of the Bangalore Municipality by order Dy 5th March 1883, it was directed that a monthly allowance of Rs 150 should be paid to him. The payment of this allowance has been held in abeyance, pending the decision of the question whether it would not be desirable to appoint a non-official President in lieu of an Ex-officio President and a non-official Vice President. Experience has shown that it is desirable for the present at least to have the Deputy Commissioner as Ex-officio President for purposes of control and general supervision, though the direct Executive work may rest with a non-official Vice President. Under these circumstances the Dy: Comr: will continue as Ex-

officio

Ex-officio President, his duties will consist of a general control of the working of the Board, of aiding by his advice and counsel the Vice President in the executive work of the Board, of presiding at the meetings of the Board when he is not absent from Bangalore and of suggesting and when necessary initiating measures conducive to the improved sanitation of the Town.

The Vice President will on the other hand be the officer in whom will rest in the first instance, the executive power and responsibility of the Board. He will be in immediate charge of the Municipal office and Establishment, and will be responsible for the careful execution of works and for the proper expenditure of Municipal funds.

The Municipal Board will be requested to provide for the payment of the arrears of the monthly allowance of Rs 150 due to Mr Sreenivasa-Chary for the period during which he has performed the duties of Vice-President and for the payment to him of a similar allowance during the remaining months of the current official year. In the Budget for the next official year a sum of Rs 3000 should be provided for "Charges of Control" regarding the distribution of which orders will hereafter be passed.

for pensions & gratuities, as they are not fixed commissions in the manner aforementioned and as they are borne on municipal establishments in the same way as the officials of the city.

(2) In Rule III it may be desirable to fix a maximum for the amount to be contributed by a city as sometimes the classes may be very small.

(3) A clause may be added for giving the benefit of these rules to officials drawing pay and above the minimum prescribed.

(4) The President of the Municipal Boards, Secretary, considers that the rules should be made to include the case of municipal servants such as Managers, Overseers, Clerks employed in the Rural

Quarters, municipalities other than Bungalows and elegance, who may have the exclusive benefit of these services under the municipality and who do not fall under the category of officers provided for in Rule III of

The Q) Comm of Thomas doubts whether the servants of Mrs. other than Bungalow and elegance are intended to be excluded from the benefit of these provision rules unless they come under Rule III & IV but and says that the known should be conceded to them also, as the charge will not be heavy.

He adds that the Sub-Division officer Jagir suggests that owners & tenants except in Rule I should also be eligible and that though the proposal is with the concurrence, the views that this protection was suggested

by the anticipated difficulty of securing the services of those men subject to all the vexatious exactions and specifications that the recognition of a claim to pension would be imposed

The Superintendent of the Naval Academy, Rear Admiral Bancroft, considers that the proposed bill covers all classes of possible claims, which might arise hereafter in this connection and that it is recommended that the bill contemplate cases of volunteer officers employed in Municipal towns. His suggestion the selection of a date to enforce the liability of each municipal employee as one who will be eligible for pension - probably the time their lives under the State Governments or in the service during as officers

Comptroller's letter etc 301 D 722/8/98
re regard to rules regulating
pension to municipal employes.

The meaning of para II
of Pension rules prescribed re
(Sly 5 in L.J. 170-80) Govt Pro etc 170-80 / L.J. 105 95 dy 4-7-9
as understood by the offices
that pensions and gratuities
to Govt servants transferred to
a municipality are payable
from General revenues, and that
a contribution should be levied from
the funds of the municipality
concerned towards their
in addition to their salaries pensionary claims credited to
General revenues. And
~~contribution~~
~~charge~~ Rule III,
which applies to municipal
servants, whose pay is borne
by more than one Municipality,
distinctly fixes the contribution
leviable from municipal funds

towards their pensions &c.

This interpretation is in conformity with para 2 of Govt Pers etc $\frac{11374 \cdot S}{L \cdot F 307 \cdot 96}$ dated 19th April 1897 (Sl 8) + issued in the Chendra Row case granting of pension issued as per orders of the 1st Counsellor on Sl 7 in L. F. 307/96, in which contribution towards pension was held to be a permanent charge upon Municipal Revenues ~~of Mr~~ this ~~according~~ view, this office Docket etc $\frac{2128}{7 \cdot 96}$ of 15/8/98 (Sl 13) was drafted on the Presidents' proposal to take, as office Manager, a clerk of the Tumkur District office

(2) But the Comptroller in his letter under disposal hints upon the wording of Rule II a different interpretation, making the contribution leviable from Municipal funds applicable to the amount of pension or gratuity and considers that the system thereon enunciated would lead to the necessity

necessity for opening a new head of account "Recoveries from Municipalities towards pensions" and ~~bad~~ to complication accounts. He therefore proposes the continuance of the existing practice of entering in the pension roll itself the proportionate shares debitable to General revenues and to the Municipal funds.

(3) If the Comptroller's interpretation of Rule II be held to be correct, his suggestion to continue the existing practice of entering in the pension roll the sums payable from each fund appears less complicated; but a different procedure has to be observed in the case of municipal servants, whose pay is borne by more than one Municipality under Rule III

according to which a
contribution of 1/9 of the
pay has to be levied towards
pensionary claims & the same
should necessarily be shown
under a new head of account
such as the one referred to
in para 2 Supra But if the
interpretation put by the
Offr be held to be correct,
there will be a uniformity of
practice in the treatment of accounts
whose pay is debited to one
municipality as well as to more
than one municipality and the
opening of the new head of
account ~~may~~ becomes necessary
to necessary.
Submitted for orders

29/8/98

The opening of a new head
of accounts, such as that suggested
by the Comptroller, seems indispensable
in regard to Rule III in the letter
under reference no mention is
made of this rule

31/8/98

Note

There seems no objection to the Comptroller's proposal to enter in the Pension Roll itself the proportionate shares of pension debitable under Rule II to the General and the Municipal revenue - But, as this would be equivalent to making both these revenues directly liable in the very first instance, instead of the General revenue alone, the Rule requires a slight alteration in the accompanying printed slip.

The Comptroller does not advert to Rule III. But it seems advisable to note that a separate account of recoveries from different municipal funds must necessarily be kept in this case, because the several contributions which make up $\frac{1}{9}$ of the employee's pay are to be levied month by month during the entire period of his active service, and not after his retirement as in the former case. But even here matters may be somewhat simplified by providing that these recoveries shall be made once for all at the beginning of every year at one-month of the budgetted

Annual cost of establishment,
subject to a final adjustment
at the end of the year in accordance
with the actual cost of establishment.
This will save monthly adjustments.
The necessary modification of Rule III
is also indicated in the proposed Regs.

2. With regard to the further question raised as to the eligibility of persons employed under Municipalities and paid from Municipal Funds, to the benefits of pension or gratuity on discharge, the Chief Commr observes that, while no claim to pension can be recognized on the part of such employés, he will be prepared to take into

consideration any applications that may be made, for that purpose, by the Commissioners of Divisions or other Head of a Department, in the case of persons whose service has been passed partly in a Municipal Establishment and partly in a Provincial Establishment, and who, after long and approved service, may be specially recommended for the grant of such pension as they would have been entitled to, had their entire service been rendered in a Provincial or District Fund Establishment.

3. Gratuities for inferior Service in Municipal Establishments cannot, for similar reasons, be admitted, except on the special recommendation of the Mun. Board or other Head of Department under which such persons may have been employed.

Simla, the 12th Septr 1876.

Sir,

I Question has arisen whether policemen employed by certain Municipality should be required to pay any contribution for pension. Under the provisions of Section 98 of the Civil Pension Code no contribution is required to be paid by these policemen, nor for the present is it necessary for the Municipality in question to make any payment towards the cost of pension or gratuity. But the Account Department is of opinion that such payment

payments ought to be required from Munici-
-cipalities, and it is therefore proposed
to amend the rule in Section 98 of the
Civil Pension Code so as to provide for
the payment by municipalities of a contri-
-bution towards the cost of pensions and
gratuities to policemen employed under
them.

2. I am accordingly to ask for your
opinion on the proposed amendment.

Sir,

In reply to your letter No. 4 / 2118 of the 12th ultimo, calling for the Chief Commr's opinion on the question whether it is expedient that Municipalities should pay a contribution towards the cost of pensions and gratuities to the policemen paid from Municipal funds, I am desired to submit copy of the Chief Commissioner's Proceedings of the 1st September 1876 No. 5487 / 947 which declares that no claim to pension can be recognized on behalf of Municipal servants, excepting in very special cases to be decided by the Chief Commissioner on the representation of the Head of the Office

2 In the case of policemen discharge with gratuities (pensions not being allowable) after service under the Municipalities of Bangalore and the town of Mysore, the practice hitherto has been to charge a portion according to the "rule of proportion" (Section 29 of the Civil Pension Code) against the Municipal Funds.

3 Excepting those of Bangalore and Mysore the income of all the Municipalities in this province is variable and fluctuating, especially in the smaller towns, while the demands on them for sanitary purposes and other improvements usually absorb their available means. These funds do not therefore to be in a position to bear a contribution of 20* per cent for every policeman employed in the Municipal Establishments, and all that seems feasible at present is, the Chief Commr considers, to require them, as heretofore, to pay towards the gratuities which actually accrue, according to the "rule of proportion".

* The rate prescribed in sec 34 of the Civil Pension Code for Officers transferred to Municipalities financially independent of the Govt of India

Memo.

On the 6th April 1883 I was appointed by Govern-ment as Honorary Vice President of the Bangalore City Municipality. At that time I was practising as a Pleader in the Court of the Judicial Commissioner of Mysore and Coorg, and was I may add, in the full swing of my professional career. Within a month or six weeks of my taking up the appointment, I found that with my official duties as Municipal Vice President dealing with petitions from the townspeople in the matter of house taxations and other kindred questions, it was inexpedient to continue my business con-nections with the same people as a lawyer. I therefore completely retired from 'practice' and made an official report of the same to the Dr. [illegible]

Thenceforth I was giving my whole time and attention to Municipal work and the prefix 'Honorary' to the designation of my Office was also dropped. In 1885 the Government in their Pro: No: 34-6 dated 10th February 1885 were pleased to permit me to draw an allowance of Rs 150- a month with retrospective effect from the date of my first taking up the Municipal Vice Presidentship in 1883, and this allowance I continued to draw until I was relieved of Municipal work in February 1890.

2. In March 1890, by Notification No: 1190 dated 26th March 1890, I was appointed Under Secretary to the Dewan which Office I held till the end of the following year. For a few months from September 1891 I was also in charge of the State Huzur Treasury in addition to my duties as Under-Secretary. In December 1891 I was appointed to my

present Office as Municipal Superintendent and Secretary, and since March 1895 I have also been performing the duties of the Inspector General of Registration in addition. Thus from the above, it will be seen that up to date I have put in a total service of 13 years and 9 months under Government.

3. But on referring to the record of my services as published in the latest edition of the "History of the services of Gazetted Officers of Government" I find that while the date of my first entry into Government service is correctly given as the 6th April 1883, the total period of service eligible for pension which has been noted in the case of other Officers has not been given in my case. From enquiries made, I learn that this omission in my case is due to a doubt entertained by the Account Department if my 7 years' services as Municipal Vice President would count for pension.

4. In this connection I beg to add that during the whole period of my service in the Municipality I was conforming myself to the Service Regulations in all respects. I was giving my whole time to the public work as every other public servant is required to do; and again whenever I needed leave on private affairs, I obtained the same on submission of an application to Government. In some instances my leave has even been formally notified in the Gazette, Vide, Mysore Gazette No. 46 dated 17th November 1888 Part I page 234.

5. Under the above circumstances, I would now beg that the Government be pleased to issue a formal order recognizing my service in the Bangalore City Municipality - for 7 years and one day from the 6th April 1883 to the 7th April 1890 - as counting for pension.

Yours faithfully

Genl Secy

General and Revenue Departments.

Sir, I have the honor to acknowledge the receipt (on the 2nd instant) of official memo No. 7283-93 / L.7.105-95 of the 13th December last, forwarding for opinion Draft rules regarding the payment of pensions and gratuities to Municipal servants and in reply to state that the Rules which are very suitable should be made to include the case of Municipal servants such as Darogas, Overseers, Clerks employed in District Head Quarter Municipalities other than Mysore and

and Bangalore, who may pass the entire length of their service under the Municipality and who do not fall under the Category of Officials provided for in Rules II and III. For example a Daroga on Rs 25/- employed on the permanent establishment of the Municipality of Tumkur may remain in the appointment till his retirement. It seems but fair that he should look to the Municipality for a pension or gratuity for his services.

In reply to your office no. 7283-93 / L. 7105-95 dated December 1897 calling for opinion on the draft regarding the payment of pensions to Municipal S I beg to state that the provision for pensions and g ties renders the Service more attractive and is a v necessary innovation.

2. I find that Servants of Municipalities other Mysore and Bangalore are not to have the benefit the intended Concession unless they Come under R II and III. I do not know if this is a deliberate on but anyhow I think the boon should be conceded to also. The Charge will not be a heavy one, as may (Appended to the) Seen from the list* of Municipal Servants now em ployed in the Municipalities of this District.

3. The Sub-Division officer of Sagar whose opinion was called for Suggests that sweepers and others of similar character excepted in Rule I should also be eligible. The proposal is worth Considering, but I fear that the restriction - was Suggested by the anticipated difficulty of our being able to secure the services of these men Subject to all the restrictive Conditions and - qualifications that the recognition of a claim to pension would require to be imposed.

No. 30/1

From

THE PRESIDENT,

BANGALORE CITY.

To

THE SECRETARY TO THE GOVERNMENT OF MYSORE,

BANGALORE.

Sir,

I have the honor to submit herewith for the orders of Government an application from V. Vardaraja the City Municipal Sanitary Inspector praying for the grant of a moiety of horse allowance, under article 547 of the Mysore Service Regulations, for the period of 26 days from the 4th to the 31st of May 1901 - he was on privilege leave.

His request to be treated like Police Inspectors as regards horse allowance deserves the favourable consideration of Government as

Under article 199 above

Officers are authorized to draw their horse allowance in full while on privilege leave if no substitute is appointed.

As all the marginally noted executive subordinates of the City Municipality have a permanent horse allowance attached to their pay, I beg that articles 199 and 547 may be kindly made applicable to them also along with the Police and Excise Officers.

In the case under report, as Vardaraju continued to maintain his horse while on leave and as no substitute was appointed instead, the benefit of Article 199 may be kindly extended to him.

Sir

I beg to report that from the 7th to the 31st of may 1901 when I was on leave, I maintained a horse. During my absence on leave no substitute was appointed therefore there was no extra cost incurred on account of absence Article 547 of the Mysore Service Regulations reads thus:—
"Police Inspectors, Jamadars in receipt of a permanent monthly allowance shall be entitled to during absence on privilege leave monthly of their permanent allowance for that period"

The position of the Sanitary Inspector of Bangalore is analogous to that of

horse allowance and a Peon
appears to the Police ~~Superintendent~~
has to apply to the Secretary
Local for the fact that the
of the officers Secretary
as Police Inspectors and
are omitted to be added in
article quoted. I beg that
Govt. may kindly be moved

and to sanction the monthly

To

M. Narain Rao Esquire

Deputy Commissioner,

Kadur District

Sir,

I have the honor to State that I have received docket No 1409 dated 27th February 1903 from the Secretary to the State Insurance Committee informing me that the proposal for Insurance on the life of B. Narayanachayam Iyer, clerk of my office has been cancelled on the authority of Government order No 11614 dated 11th February 1903 L.F. 105 95 which lays down that the State Insurance Rules do not apply to the servants of the Municipality. From the said Government order I am led to think that Government are of opinion that my clerk's post is not one of Government service and eligible for pension.

2 I submit that the clerkship of my office may be deemed to be one of Government service on the following considerations. —

(1) Government have recognized the service of the clerks of the Presidency Criminal Courts and Commissariat Offices (Head Quarters) offices as Government service. There being a Separate Pension

Surgeries, it is but just and reasonable that his Clerk should enjoy equal privileges with those of the other Residents. And I do not question the non-Government nature of the service done by the Servants forming the Public Establishment.

ii All Correspondence from my office to Government office is being made in English and this work cannot satisfactorily be Carried out by other than persons qualified by Examinations and unless the post is recognized as one of Government service, there will be no allurement for persons holding Examination Certificate to accept the post and the work of the office will certainly suffer if no Competent man is put in the place.

iii Until the Presidentship of this Municipality was transferred to me from the Deputy Commissioner, proportionate pension charges were year after year Contributed from the funds of this Municipality as from the other minor Municipalities towards the Service of

the clerks employed in the Municipal Branch of the District office. Provision for such charges in the Budget Estimates has not been made since the time I resumed the Presidentship. The Municipality is, however, prepared to provide in the ensuing year's and future budget Estimates for such pension charges towards the service of the clerk of my office as formerly towards that of the clerks of the District office.

2. I request therefore that you will be so good as to submit to Government my views on the matter as enumerated above with your strong recommendation and obtain their early orders, recognizing the clerk's post of my office as one of Government service and eligible for state pension.

Sir,

In continuation of my letter n.o 95 dated the 15th April 1903 and as personally re-presented to you while you had come here last, I have the honor to state that ever since the opening of this Municipality, its budget esti-mates are being, year after year, sanctioned, and all proceedings connected with it control-led by Government and not by the Jahgir-dar of Sringeri Jahagir. From the Government Order No. 11614-24. 105-95 dated the 11th February 1903 which lays down that in the matter of - pensions and gratuities, this Municipality does not stand on a par with other Munici-palities in the state and that the state Insu-rance Rules do not apply to the Servants of

M

this Municipality is one of Government or belongs to the Jahgirdar, without settling which point it may not be possible to decide that the English clerkship of my office is not one of Government service and eligible for State pension.

I request therefore that you will be so good as to refer this matter to Government and obtain their early orders clearing the doubt raised.
